The 19th IEEE International Conference on Environment and Electrical Engineering (IEEE EEEIC19) is an international forum for the exchange of ideas and information on energy systems. The Conference provides a unique opportunity for designers and people from industry to interact with manufacturers, energy utilities people and university researchers and to discuss a wide variety of topics related to energy systems and environmental issues. The ever increasing awareness of the environmental concerns and the intensive international efforts to reduce emissions of greenhouse gases stimulate to offer the best contributions towards achieving the goals of renewable energy diversification and sustainable development. IEEE EEEIC 2019 is the 19th edition of the Conference and is one of the European largest, longest-running, professional networking and educational event. The conference has been technically co-sponsored by IEEE since 2008 and by EMCS, IAS and PES since 2015.

The 3rd IEEE Industrial and Commercial Power System Conference Europe (I&CPS Europe) is the third edition of a conference organized by the department I&CPS of the Industry Application Society (IAS-IEEE). The scope of the Industrial and Commercial Power Systems Department includes all matters within the scope of the Industry Application Society relating to the technology of electric power generation, transmission or distribution in industrial, commercial and institutional facilities and within that segment of industry associated specifically with rural or agricultural applications. The scope also includes the creation of related technical standards governing such applications. The objective of I&CPS Europe shall be the advancement of the theory and practice of engineering as it relates to design and management of electrical power systems and comfort conditioning systems within industrial plants, commercial buildings and institutional facilities and electrical power systems that serve primarily agricultural areas.

IEEE EEEIC19 - I&CPS Europe is sponsored by AEIT - Italian Association of Electrical, Electronics, Automation, Information and Communication Technology. Accepted and presented papers are submitted to IEEE Xplore, and will also be submitted for indexing through INSPEC®, EI’s engineering information index, COMPENDEX®, and ISI Thomson’s scientific and technical proceedings®. ISTP®/ISI proceedings. The Conference proceedings have been also indexed by Scopus since 2010. IEEE EEEIC19 - I&CPS Europe will be held in June 11-14, 2019 in Genova (Italy).

Accepted and presented papers will be considered for IEEE Transactions on Industrial Applications. The best papers will be selected by a technical committee for publication in the journal: MDPI Energies, MDPI Sustainability and Springer International Journal of Energy and Environmental Engineering.

### TECHNICAL AREAS

<table>
<thead>
<tr>
<th>A RENEWABLE ENERGY SOURCES AND STORAGES</th>
<th>B POWER SYSTEMS AND SMART GRIDS</th>
<th>C ENERGY EFFICIENT SYSTEMS</th>
<th>D SMART BUILDINGS</th>
<th>E MATERIALS</th>
<th>F ENVIRONMENTAL PHENOMENA AND POLLUTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Solar energy</td>
<td>• Microgrid modeling, simulation, and data management</td>
<td>• Renewable energy, wind, solar, fuel cells, distributed generation within microgrids</td>
<td>• Smart homes, cities, communities</td>
<td>• Nanotechnology for renewable energy</td>
<td>• EM spectrum measurement</td>
</tr>
<tr>
<td>• Photovoltaic cell technology</td>
<td>• Design, control and management</td>
<td>• Demand-side management, Load forecasting</td>
<td>• Innovative distribution systems</td>
<td>• Novel material for energy harvesting</td>
<td>• Power quality and harmonics</td>
</tr>
<tr>
<td>• Hydro and wind energy</td>
<td>• Protection</td>
<td>• Energy efficiency, conservation and savings</td>
<td>• Home and building automation</td>
<td>• Electrical generators</td>
<td>• EMI spectrum measurement</td>
</tr>
<tr>
<td>• Biomass and biofuels</td>
<td>• Transmission grids</td>
<td>• Smart metering systems</td>
<td>• Nearly zero-energy buildings</td>
<td>• Converters for microgrids</td>
<td>• Power quality and harmonics</td>
</tr>
<tr>
<td>• Energy management and storage</td>
<td>• RAM (reliability, availability, maintainability)</td>
<td>• Supervisory control and data acquisition systems SCADA</td>
<td>• Information, security and privacy</td>
<td>• Converters for renewable energies</td>
<td>• EMI spectrum measurement</td>
</tr>
<tr>
<td>• High performance cogeneration</td>
<td>• IRT (reliability, availability, maintainability)</td>
<td>• Users aggregation and virtual power plant</td>
<td>• Lighting systems and components</td>
<td>• Converters for storage</td>
<td>• Power quality and harmonics</td>
</tr>
</tbody>
</table>

### REGULATION AND ELECTRICITY MARKETS

- Utility deregulation
- Regulatory issues and delivery standards
- Dispatching in power systems
- Customer and transmission expansion
- Distributed generation and distribution systems

### MOBILITY

- Sustainable transport systems
- Electric vehicles
- Autonomous

### MAINTENANCE, OPERATION AND SAFETY

- Designing for safety
- Grounding
- Lighting
- Hazard - Electric shock, arc flash, fire and explosion
- Maintenance and operation of power systems
- On-line real-time equipment diagnostic
- Work practices and procedures
- Electrical safety training

### MEASUREMENTS

- Advanced instrumentation and data acquisition systems
- Intelligent distributed systems
- Signal and image processing
- Environments, and electrical measurements
SUBMISSION PROCEDURE
Authors are invited to submit original papers in the areas aforementioned. Prospective authors should submit their Full Paper (2 columns in IEEE format) by January 15, 2019. The papers (minimum length 4 pages) must not exceed the 6 (six) page limit. The papers should be uploaded in electronic format to the website of the symposium. The guidelines to upload will appear on the website http://eeeic.eu.

All submitted papers will be evaluated by a peer review process. Authors whose papers are accepted for presentation will be requested to provide the final revised full paper (4/6 pages, 2-column in IEEE format) by April 15, 2019 combined with a registration for each submitted paper.

For authors from industry typical paper length may be reduced to 3 pages. Poster sessions and special sessions will stimulate more in depth discussions on some specific and relevant topic.

CALL FOR SPECIAL SESSIONS
Prospective organizers of special sessions should send their proposals via e-mail to the Special Sessions Chairs, Prof. Fabio Bisegna and A. Oliveri, at the addresses fabio.bisegna@uniroma1.it, alberto.oliveri@unige.it.

Special sessions are scheduled for one-quarter day (at most 5 speakers) / one-half day (at most 10 speakers) and are held during the Conference. All special session papers are peer reviewed through the same process as all the other submitted technical papers

IMPORTANT DATES
Dec. 15, 2018: SPECIAL SESSION Proposal
Dec. 31, 2018: SPECIAL SESSION Acceptance Notification
Jan. 15, 2019: FULL PAPER Submission
Jan. 15, 2019: SPECIAL PAPER Submission

Febr. 28, 2019: FULL PAPER Acceptance Notification
April 15, 2019: FULL PAPER Final Submission

WORKING LANGUAGE
The working language of the conference is English, which will be used for all printed material, presentations, posters and discussions.

SYMPOSIUM VENUE
The conference will be held in Genoa at NH Collection Genova Marina Hotel (www.nh-collection.com/hotel/nh-collection-genoa-marina). The conference venue is an outstanding architectural hotel designed by Renzo Piano located in the heart of Genoa the renovated Ancient Arbour area hosting some of the most important attractions of the city such as the Aquarium, the Sea Museum, the Neptune Galileo and a wonderful landscape on the sea. The venue is also located a few steps from the city Historic Centre (one of the most extended medieval centres of Europe) a maze of alley (Caruggi) that unexpectedly end up in small squares, beautiful churches and astonishing historical palaces, among these the Rolli Palaces are UNESCO World Heritage since 2006. The first half of June is the best period to visit Genoa due to the climate, usually warm and sunny. Early hotel reservations are very recommended. A list of suggested accommodations, close to the conference venue, will be published on the conference website.

CALL FOR PAPERS
Authors are invited to submit original papers in the areas aforementioned. Prospective authors should submit their Full Paper (2 columns in IEEE format) by January 15, 2019. The papers (minimum length 4 pages) must not exceed the 6 (six) page limit. The papers should be uploaded in electronic format to the website of the symposium. The guidelines to upload will appear on the website http://eeeic.eu.

All submitted papers will be evaluated by a peer review process. Authors whose papers are accepted for presentation will be requested to provide the final revised full paper (4/6 pages, 2-column in IEEE format) by April 15, 2019 combined with a registration for each submitted paper.

For authors from industry typical paper length may be reduced to 3 pages. Poster sessions and special sessions will stimulate more in depth discussions on some specific and relevant topic.

INDUSTRIAL RELATIONS CHAIR
Prof. Marco Invernizzi
University of Genoa
DITEN
Via Opera Pia 11a – 16145, Genova
email: marco.invernizzi@unige.it

PUBLICITY AND PUBLIC RELATION CHAIR
Prof. Manueto Ronzi
University of Genoa
DITEN
Via Opera Pia 11a – 16145, Genova
email: manueto.ronzi@unige.it

LOCAL ARRANGEMENTS CHAIR
Prof. Gio Battista Desegni
University of Genoa
DITEN
Via Opera Pia 11a – 16145, Genova
email: gio.battista.desegni@unige.it

CONTACTS
Details on the technical program of the conference, as well as social events and hotel accommodation, will be available shortly on the conference website www.eeeic.eu and www.eeeic.net

For any query, please do not hesitate to contact the Organising Committee at the following e-mail address:
info@eeeic.net (for organizing questions)
info@eeeic.net (for papers and technical questions)

WEB AND PUBLICATIONS CHAIR
Prof. Zbigniew Leonowicz
Institute of Fundamentals of Electrical Engineering,
Wroclaw University of Technology,
Ul. Janiszewskiego 8, 50 - 377 Wroclaw
email: leonowicz@ieee.org

TRACK AND SESSION CHAIR
Prof. Massimo Mitolo
Irvine Valley College, California
143 Silverado
Irvine, CA 92618
email: marmitolo@gmail.com

SPECIAL SESSIONS CHAIRS
Prof. Fabio Bisegna
University of Rome La Sapienza, DEEIE
Via Eudossiana 18 - 00184, Roma
email: fabio.bisegna@universitaria.uniroma1.it

Prof. Alberto Oliveri
University of Genoa
DITEN
Via Opera Pia 11a – 16145, Genova
email: alberto.oliveri@unige.it

TECHNICAL PROGRAM CHAIRS
Prof. Leonardo Sandrolini
DEEIE, “Guido Maria Maccari”
Alma Mater Studiorum - University of Bologna
Viale del Risorgimento 2, I 40126 Bologna
email: leonardo.sandrolini@unibo.it

Prof. Massimo Brignone
University of Genoa
DITEN
Via Opera Pia 11a – 16145, Genova
email: massimo.brignone@unige.it
