The **KDT 2023 Information Day on March the 6th in Rome** is the continuation of the successful series of ECSEL Italy Days, and aims to be the reference forum for Italian companies and academia interested in participating to the calls of the KDT Joint Technology Initiative and other H2020 funding programs.

The morning will be dedicated to the KDT calls and to future EU funding initiatives for Electronic Components and Systems in the Horizon Europe programme and in the

coming European Chips Act, with presentations by the KDT Office, public authorities, and representatives of industrial institutions.

In the afternoon, project ideas and partnership opportunities from recent brokerage events will be illustrated. Representatives of the funding institutions and of ECSEL Italy will be available for further clarifications to the parties.

Preliminary program

- ECSEL Italy achievements in 2022
- KDT JU: results of 2022 calls and preview of 2023 calls
- MUR and MIMIT approach to calls 2023
- The Italian high level technical board on semiconductors
- Project ideas for the 2023 calls

Registration: participation is free, but registration one week in advance **is mandatory** to access the site. Registration form will be soon available at: <https://www.aeit.it/ecsel>

The ECSEL Mirror Group Italy has been established in Italy at the end of 2015, with the purpose to support the Italian participation in the ECSEL Joint Undertaking. It involves the Italian government through the Ministries of Research and University (MUR) and of Economic Development (MIMIT), the Regions, the Large Enterprise, the SMEs, the ANIE Federation and AEIT-AMES.
